

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each international business. Transporting industrial goods happens each day on our hectic world. First innovated as industrial vehicles during the 1930s in the U.S., lift trucks gained popularity after WWII in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machinery spread internationally.

In nineteen forty nine, started by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply called TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the trade. TCM started constructing forklift manufacturing sites outside of Japan in the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With more than fifty years of accumulated expertise and technology, TCM has been proudly making several models of industrial forklifts, making their models recognizable all over the globe. With an energetic and strong employees, TCM has been able to constantly work towards becoming a future leading material handling business.
